The chart displays the average percentage of GDP in the services sector for India and other major economies from December 2019 to August 2021. The Y-axis represents the average percentage, ranging from 0 to 20. The X-axis represents the month, with labels for December 2019, April 2020, August 2020, December 2020, April 2021, and August 2021. India's average is 0.84, and the United Kingdom's average is 1.27. The chart shows that India's services sector has a lower average percentage of GDP compared to the United Kingdom's services sector.

Country	Avg. Per.
India	0.84
United Kingdom	1.27
